

The geography of industrial production

No circular economy | 2019–2050 | fixed 2050 ranking: NDC+LTT

○ 2019 ◆ 2050 (sector colour) — Upper: NDC+LTT - - - Lower: NDC

Selected producer shares in 2050: NDC+LTT / NDC. Fixed regions in both pathways.

Europe combines five model regions. Indonesia group = Indonesia, Philippines and Viet Nam.

Draft assumption: missing additive activity = zero.
